Applicant Portal

- Self registration system
- AI based profile creation
- Professional profile printing
- Education & skills
- CV & projects
- Job discovery
- Apply multiple jobs
- Application tracking
- Placement journey visibility
- Matching job notification

— HOW IT WORKS —

From requirement to the right hire – in simple steps

01

Customer Login

Client logs in to the Customer Portal with secure access. (Self registration & multi user login available)

02

Customer Requirement

Client creates a detailed job requirement with role, skills, location and other criteria.

03

Placement Agency Understands the Requirement

The agency reviews the requirement, understands the client's needs and starts sourcing suitable candidates.

04

Share the Reliable Candidate

Agency shares pre-screened and relevant candidate profiles as per the requirement.

05

Examine the candidate

Client reviews candidate profiles, checks skills, experience and relevant details.

06

Shortlist & Select

Client shortlists and selects the best candidate to move forward in the hiring process.
